**INTRODUCTION**

The Handbook of Help is intended as a listing of services available to individuals in Indianapolis who may be homeless or at risk of homelessness. Information in this handbook is provided voluntarily by the organizations listed. The resources listed are not comprehensive of all of the services in Indianapolis. Inclusion of an organization does not in any way represent or imply a determination or approval of the quality of that organization or service, nor does exclusion reflect on any organization's contribution to the community. Call 2-1-1 if you need more assistance.

**EXPLANATION OF KEY TERMS**

**Inpatient vs. Outpatient Care:** refers to whether a treatment facility, such as a hospital, provides overnight stay and provisions (inpatient care) or not (outpatient care).

**Food Pantry vs. Meal Program:** food pantries provide groceries to take with you, while meal programs provide one prepared meal.

**Referral:** a recommendation you receive (either on paper or by telephone) from a social service agency verifying who you are and your need for help.

**Sliding Scale:** some service providers charge for their services and the sliding scale takes a client’s income into consideration causing a possible reduction of fees.
